Dear Mr. Darby,

We are writing to endorse the expansion of the North Area Volunteer Ambulance Corps (NAVAC) operating certificate for the areas outlined in their September 23, 2008 letter. We believe this is very similar to our recent CON expansion that was approved by the New York State DOH and the Regional Council, for an area that we have been providing service to for several years that was also under two other agencies operating certificates.

Sincerely,

Al Kalfass, Executive Director
