Warren Darby, Chairman
CNYEMS Regional Council
Jefferson Tower Suite LL1
50 Presidential Plaza
Syracuse, NY 13202

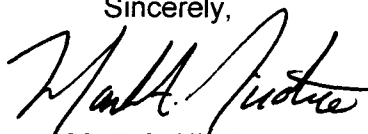

Dear ~~Mr.~~ ^{Warren} Darby:

It has come to my attention that the North Area Volunteer Ambulance Corps has applied to the Central New York Regional Emergency Medical Services Council to expand their operating certificate, to include areas in the southeast and southwest of their response area; areas that they have responded to since 1970. A portion of the expansion falls within the limits of the Town of Salina.

For years, NAVAC has provided ambulance service to this area with the utmost respect and care for their patients. They have provided timely response and reliable, professional service to our town residents, along with many other communities in the region; even while these areas have continued to grow and demand more from NAVAC's resources. Their continued service to this area is important to ensure the dependability of ambulance services to the community. These communities deserve to have the continued support of the service they have come to rely on; the service that they have received from NAVAC for the last 38 years.

I offer my support to NAVAC in their application for an expansion of their operating certificate, to allow them to continue to serve the communities they have so well for the last 38 years. I encourage you to recognize the dedication NAVAC has to this community and consider their application for the expansion of their operating certificate.

Sincerely,

Mark A. Nicotra
Supervisor
Town of Salina
